<sup>1</sup>Total leased percentage includes future leases that have been executed but have not yet commenced.

<sup>2</sup>This amount is as of 12/31/2018, relating to the development project of a two building multi-family apartment complex consisting of approximately 453 units, or 441,883 rentable square feet, located on the developable land at Gateway Tech Center. In July 2018, one of the buildings consisting of 265 units was substantially completed.

<sup>3</sup>On March 3, 2017, KBS REIT III acquired a 75% equity interest in an existing company and created a joint venture with an unaffiliated developer to develop and subsequently operate Village Center Station II. On October 11, 2018, KBS REIT III purchased the developer's 25% equity interest for \$28.2 million resulting in 100% control and consolidation of the joint venture. The purchase price of \$128.6 million reflects KBS REIT III's total cost basis at acquisition (excluding acquisition fees and expenses), which includes KBS REIT III's investment in the unconsolidated joint venture, the consideration paid to purchase the developer's 25% equity interest, and debt assumed from the joint venture.

## Recurring Distribution History\*

Period	Daily Distribution Per Share	Record Date	Annualized Distribution Rate at \$10.00 Per Share
June 24, 2011 - December 2018	\$0.00178082	Daily	6.5%
January 2019 - April 2019**	\$0.05416667	Monthly	6.5%

\* KBS REIT III has paid distributions monthly, since July 2011. For the periods from June 2011 through December 2018, distributions were calculated based on stockholders of record each day during the period at a daily rate of \$0.00178082 per share per day and equaled a daily amount that, if paid each day for a 365-day period, would equal a 6.5% annualized rate based on the initial primary offering purchase price of \$10.00 per share in the REIT's now-terminated primary initial public offering. For the periods from January 2019 through April 2019, distributions are calculated based on stockholders of record on monthly record dates and equaled a monthly amount that, if paid each month for a 12-month period, would equal a 6.5% annualized rate based on the initial primary offering purchase price of \$10.00 per share in the REIT's now-terminated primary initial public offering or a 5.41% annualized rate based on the most recent estimated value per share of \$12.02. There is no assurance that KBS REIT III will continue to declare and pay distributions at this rate and KBS REIT III may modify the rate at its discretion.

Distributions paid through December 31, 2018, consisting of 51% paid in cash and 49% reinvested through the dividend reinvestment plan, have been funded with 92% coming from cash flows from operations and 8% from debt financing. For more information, please refer to KBS REIT III's public filing. Because a portion of the distributions paid to date were paid with borrowings, distributions and the distribution rates referenced above may not be sustainable.

KBS REIT III's charter permits it to pay distributions from any source, including offering proceeds or borrowings (which may constitute a return of capital), and does not limit the amount of funds it may use from any source to pay such distributions. If KBS REIT III pays distributions from sources other than cash flows from operating activities, it will have less funds available to make real estate investments and the overall return to its stockholders may be reduced.

\*\*As of March 12, 2019, distributions for March 2019 and April 2019 have been declared and the REIT expects to pay them on or about the first business day of the following month.

Neither the Attorney General of the State of New York nor any other state regulators have passed on or endorsed the merits of this offering. Any representation to the contrary is unlawful.

Investing in KBS REIT III includes significant risks. These risks include, but are not limited to: the possibility of losing your entire investment; no guarantees regarding future performance; upon sale or distribution of assets you may receive less than your initial investment; fluctuation of the value of the assets owned by KBS REIT III; lack of a public market for shares of KBS REIT III; limited liquidity; limited transferability; reliance on KBS Capital Advisors LLC, KBS REIT III's advisor, to select, manage and dispose of assets; payment of significant fees; and various economic factors that may include changes in interest rates, laws, operating expenses, insurance costs and tenant turnover. KBS REIT III's advisor and its affiliates, KBS REIT III's executive officers, some of KBS REIT III's directors and other key professionals face conflicts of interest, including significant conflicts created by the advisor's compensation arrangements with the REIT and other KBS-sponsored programs and KBS-advised investors.

KBS REIT III uses debt in connection with its investments, which increases the risk of loss associated with these investments and could hinder its ability to pay distributions to its stockholders or could decrease the value of its stockholders' investments if income on, or the value of, the property securing the debt declines.

KBS REIT III may make adjustments to its target portfolio based on real estate market conditions and investment opportunities, and may change its targeted investments and investment guidelines at any time without the consent of its stockholders, which could result in the REIT making investments that are different from, and possibly riskier than, the investments described in the prospectus, as amended and supplemented. A change in the REIT's targeted investments or investment guidelines may increase its exposure to interest rate risk, default risk and real estate market fluctuations, all of which could adversely affect the value of its common stock and its ability to make distributions to its stockholders.

KBS REIT III elected to be taxed as a REIT beginning with the taxable year that ended December 31, 2011. Should KBS REIT III not qualify as a REIT, it may be subject to adverse tax consequences. Please refer to the prospectus for more detailed information.
