KBS Capital Markets Group Hits \$6 Billion in Capital Raised
Marking a significant milestone for KBS offerings

NEWPORT BEACH, California, (June 15, 2015) – KBS Capital Markets Group (member FINRA and SIPC), a distributor of real estate-related investment products, has announced that it recently passed more than \$6 billion in capital raised since inception.

“Since our launch in 2005, we have prided ourselves on professionalism, integrity and honoring our investors. These virtues have allowed us to stay viable in an ever-changing, dynamic asset class,” said Mick Manning, chief executive officer and president for KBS Capital Markets Group. “This is a significant milestone for us and we wouldn’t have reached it if it wasn’t for our team’s hard work, the support of the financial advisors and broker-dealers who partner with us, and the trust of our investors.”

KBS Capital Markets Group was formed to distribute investment products, including non-traded Real Estate Investment Trusts (REITs), exclusively through investment professionals. The company’s primary purpose is to help financial advisors and their clients assess commercial real estate opportunities historically available only to large institutional investors.

To-date, KBS Capital Markets Group has secured nearly 1,000 selling agreements for all of its offerings combined. KBS Capital Markets Group currently employs approximately 60 people.

“Raising over \$6 billion in capital for non-traded REIT offerings going on 10 years is a remarkable accomplishment, said Hans Henselman, chief operating officer and chief compliance officer for KBS Capital Markets Group. “Our organization has been able to generate year-over-year growth because we have one of the most knowledgeable and professional teams in the industry.”
