#### **Information with Respect to Distributions for the Quarter Ended December 31, 2021**

KBS Real Estate Investment Trust II, Inc. (the “Company”) authorized a fourth liquidating distribution in the amount of \$0.50 per share of common stock to stockholders of record as of the close of business on October 1, 2021 (the “Fourth Liquidating Distribution”) and a fifth liquidating distribution in the amount of \$0.20 per share of common stock to stockholders of record as of the close of business on December 9, 2021 (the “Fifth Liquidating Distribution”). During the quarter ended December 31, 2021, the Company paid aggregate distributions of approximately \$128.4 million, all in cash. The Company’s net loss for the quarter ended December 31, 2021, was approximately \$14.2 million. The Company’s funds generated from operations, as defined by New York Regulation 16.9, during the quarter ended December 31, 2021, was approximately \$(14.2) million. Funds generated from operations is defined by New York Regulation 16.9 to be net income (loss) (including gain on sales of real estate) adjusted so that depreciation allowances are not treated as an expense and principal payments due on debt are deducted. The Company funded its aggregate distributions paid for the period with proceeds from the sales of its properties. The Company includes amortizing principal payments in the calculation of funds generated from operations but excludes principal payments required upon the sale of any underlying asset, refinancing or at loan maturity, as these payments relate to and are funded by other investing and financing activities.

The Company’s cash flow from operations has decreased and will continue to decrease in future periods as a result of its disposition activity. On March 5, 2020, the Company’s stockholders approved the sale of all of the Company’s assets and its dissolution pursuant to the terms of the Company’s plan of complete liquidation and dissolution (the “Plan of Liquidation”). The Company does not expect to pay regular monthly distributions during the liquidation process.

The Company expects to distribute substantially all of the remaining proceeds from liquidation after the completion of the sale of its remaining real estate property. At the time of adopting the Plan of Liquidation, the Company had anticipated completing the orderly liquidation of the company and paying substantially all of its liquidating distributions from the net proceeds from liquidation within 24 months after stockholder approval of the Plan of Liquidation, which occurred on March 5, 2020. Given the uncertainty and business disruptions as a result of the outbreak of COVID-19, the Company’s Plan of Liquidation has been delayed. The Company currently anticipates that it will complete its liquidation by the third quarter of 2022. The Company expects to continue to pay liquidating distribution payments to its stockholders through the completion of its liquidation process. The Company can give no assurance regarding the timing of the disposition of its remaining real estate property, the sale price the Company will receive for this asset, and the amount or timing of liquidating distributions to be received by its stockholders.

For more information about liquidating distributions and the Company’s Plan of Liquidation, please see the Company’s annual report for the year ended December 31, 2021, filed with the Securities and Exchange Commission on March 31, 2022.
